Dannenhoffer, Mary Engrav, Kristi Ketchum, Judy Marvin, Jessica Morris, and Dana Selover voted in favor. The motion passed.

All members acknowledged receipt of consent agenda materials.

Treasurer's Report

Valerie Harmon provided the Treasurer's Report.

Bi-Annual Review of Bank Statements

- June 2022 bank statements review was completed by Leah Mitchell, OPSC Board Treasurer, per the accounting policy manual. No concerns were noted.

Budget to Actual: 2021-2022 Fiscal Year-End

- OPSC's 2021-2022 fiscal year ended with a budget variance of \$231,196 due to lower revenue budgeted and expense changes.
 - Patient Safety Reporting Program revenue was less than anticipated due to facility closures and a few changes in hospital billing tiers
 - Oregon Health Authority (OHA) payments for Early Discussion and Resolution program funding are now received at the beginning of each fiscal year, rather than at the beginning of the biennium
 - Personnel costs were less than budgeted due to staff vacancies
 - Timing for contractor work included in Professional Service is set to start this fiscal year (not last fiscal year)

Board member Dana Selover asked about the source of the hospital discharge data OPSC uses to determine PSRP's annual hospital fee structure. The PSRP annual fee structure for Oregon hospitals is based on the most recent complete year of discharge data available from the Oregon DataBank program via the Oregon Health Authority (OHA) Office of Health Analytics Hospital Reporting Program, in this case Jan-Dec 2021.

Action Item: Approve PSRP Annual CPI Adjustment

Based on OPSC's recommendation, Judy Marvin requested a motion to approve a 2023 Patient Safety Reporting Program (PSRP) fee adjustment based on the most recent available (2021) Consumer Price Index (CPI) rate.

- **Motion:** Bob Dannenhoffer moved to approve the 4.5% PSRP annual CPI adjustment and Lisa Bui seconded.
 - **Vote:** Judy Marvin called for a vote to approve the 4.5% PSRP annual CPI adjustment and Stephanie Warren conducted a roll call vote. Amanda Bemetz, Lisa Bui, Smitha Chadaga, Bob Dannenhoffer, Mary Engrav, Kristi Ketchum, Judy Marvin, Jessica Morris, and Dana Selover voted in favor. The motion passed.
-

2021-23 Biennial Budget Amendment	<p>Valerie Harmon provided an overview of the proposed 2021-23 Biennial Budget Amendment. The amendment is required by the OPSC Accounting Policy Manual due to a decrease in revenue. The Amendment includes and additional FTE, bringing the total FTE to 11.0.</p> <p>Action Item: 2021-23 Biennial Budget Amendment</p> <p>Valerie Harmon requested a motion to approve the 2021-2023 Biennial Amended Budget of \$3.5 million.</p> <ul style="list-style-type: none"> • Motion: Smitha Chadaga moved to approve the 2021-2023 Biennial Budget Amendment and Bob Dannenhoffer seconded. • Vote: Judy Marvin called for a vote to approve the 2021-2023 Biennial Amended Budget and Stephanie Warren conducted a roll call vote. Update

2023 Patient Safety Reporting Program (PSRP) Fee Collection

- 40% collected at the end of November
- Electronic payments ~20% of total received so far
- On par with previous year

PSRP 2023 Fee Structure

Facility Type	Fee
Small Hospitals*	\$ 1,388
Medium Hospitals*	\$ 4,827
Large Hospitals*	\$ 11,767
Ambulatory Surgery Centers	\$ 1,178

Executive Director's Report

Valerie Harmon, Executive Director

9

Discussion Items

- Administration Transition
- Agency Affirmative Action Plan
- 2023 Legislative Update
- Early Discussion and Resolution 2023-2025 Biennial Funding Update
- Proposed Organizational Planning

10

11

Early Discussion and Resolution (EDR)

Core Bodies of Work

- Data process strategy development
- Outreach strategy development

Other Priorities

- Standardize workflow and document management strategy
- Annual report to Legislature for Task Force on Resolution of Adverse Healthcare Incidents

EDR Goals

- By May 2023, update the EDR data process strategy to ensure a cohesive set of data practices that will support effective program operations as well as the learning and program evaluation needs of OPSC's staff, board.
- In 2023, develop an outreach strategy that incorporates key EDR stakeholder groups and prioritizes equitable information dissemination to increase awareness about and use of EDR of directors, and the Task Force.

11

Patient Safety Reporting Program (PSRP)

Current Priorities

- Continue to move program analysis plan forward
- Standardize workflow and document management strategy

PSRP Analysis Plan

Short-term

- Analyze current PSRP statute for alignment with:
 - Our mission
 - Needs of the healthcare system
 - Current patient safety research
- Use this analysis to:
 - Inform potential changes to PSRP Operations that don't require statute changes.
 - Identify opportunities for long-term, PSRP statute changes.

Long-term

- Move forward with the statute change process for opportunities identified during the analysis process.
- Develop plans for and operationalize any statutory changes.

12

Action Item: Revise Accounting Policy Manual

- **Rationale for Revision:** Budget modification language in the *OPSC Accounting Policy Manual* (Financial Management Policies, Budgeting, Budget Modifications, p. 28) does not align with ORS 182.462(b), *Budgets for Semi-independent State Agencies*, and should be revised.
- **Recommended Revision:** Reclassifications in excess of the preceding thresholds and any budget modification resulting in an increase in budgeted expenses or decrease in budgeted revenues shall be made only with approval of the full Board of Directors. **Any increase in the overall budget requires a public hearing and the adoption of an amendment to administrative rule 325-005-0015. Budget modifications shall be made in accordance with ORS 182.462.**
- **Action Item:** Does the board approve the recommended revision to the budget modification language in the *OPSC Accounting Policy Manual* to align with ORS 182.462(b)?

13

Early Discussion and Resolution (EDR) Report Feedback

Valerie Harmon, Executive Director, and Beth Kaye, EDR Program Director

Draft 2022 EDR Report Overview

- Background
- Audience: Legislature
- Purpose
 - Fulfill Task Force mandate (ORS 31.280 (2))
 - Share EDR data from program inception (July 2014 – June 2022)
 - Included in Appendix
 - Clearly describe:
 - Oregon’s opportunity to leverage EDR to build statewide capacity to respond to and learn from harm events
 - How CRPs can help healthcare organizations respond to medical harm events and contribute to statewide learning
 - The need for a collaborative, statewide approach to develop a strategy for change
 - A starting point for this important work
 - OPSC’s progress on data process and outreach strategy goals

Discussion Questions

Does the report clearly describe:

- Oregon’s opportunity to leverage EDR to build statewide capacity to respond to and learn from harm events
- How CRPs can help healthcare organizations respond to medical harm events and contribute to statewide learning
- The need for a collaborative, statewide approach to develop a strategy for change
- A starting point for this important work
- OPSC’s progress on data process and outreach strategy goals

Additional Discussion Questions

- Does the report’s message resonate with you personally and professionally?
- Does the report contain anything that may be perceived as inflammatory by a segment of our audience and would prevent that audience from being receptive to the overall message?
- What other guidance do you have for staff?

PSRP Clinical Questions

Significant Intervention

Context

In order to determine the level of harm, if an event resulted in temporary harm, we ask if any significant interventions were required. One of the options is “Medication therapy (including administration of rescue drug or antidote).”

● Was the harm temporary? ⓘ

(clear)

Yes

No

● Did the event require any of the following significant interventions? ⓘ

Select all that apply. A 'significant intervention' is an intervention intended to address a condition or relieve symptoms that have the potential to cause additional serious physical injury or to be life-threatening if not addressed.

- Initial or prolonged hospitalization
- Move to a higher level of care
- Surgical/procedural intervention
- Respiratory or cardiovascular support (e.g., ventilation, tracheotomy)
- Unplanned blood transfusion
- Medication therapy (including administration of rescue drug or antidote)
- Other significant intervention (please describe)
- No significant intervention

For our definitions, we provide inclusions and exclusions when possible. For this option, there is just one inclusion: “Administration of a rescue drug (e.g., narcan, epinephrine).”

Medication therapy (including administration of rescue drug or antidote)

Includes	Excludes
<ul style="list-style-type: none">• Administration of a rescue drug (e.g. narcan, epinephrine)	No additional information provided.

Discussion

Based on reporting patterns over the years, we’d like to be able to clarify for reporters whether “Antibiotics” should be included or excluded for “Medication therapy.”

Intervention Necessary to Sustain Life

Context

In order to determine the level of harm, we ask, “Was an intervention necessary to sustain life required?”

● Was an intervention necessary to sustain life required? ⓘ

Intervention necessary to sustain life: includes cardiovascular and/or respiratory support (e.g., CPR, defibrillation, intubation, etc.).

(clear)

Yes

No

The on-screen instructions read: “Intervention necessary to sustain life: includes cardiovascular and/or respiratory support (e.g., CPR, defibrillation, intubation, etc.).”

Discussion

Based on reporting patterns, we would like to know if we should add “massive transfusion protocol (MTP)” to the list of inclusions in the on-screen instructions.
